SEED CORN

Testing Very Low This Year—Old
Corn Should Be Used For Seed.

Owing to the corn crop maturing very late the germination is very low. Mr. E. F. Boyd, County Agent, has tested quite an amount of corn and found it to germinate as low as 30 per cent.

He thinks it would be wise for farmers to look for old corn for seed. He also suggested that should any of the Mason county farmers want their seed tested that they should send it into his office at the Chamber of Commerce.

Mr. C. M. Shack has agreed to let the Mason county farmers have all the old corn they need for seed at \$5 per bushel.

SUE'S WIFE FOR DIVORCE

Charging desertion, William Adams filed suit in the Mason Circuit Court yesterday from his wife, Lula W. Adams. He also asks for the custody of their six-year-old son. They were married in Mason county in 1908.

Mrs. Grimes, of Covington, has returned home after a visit to her daughter, Mrs. Lou Eppenstetter, of Pelham street.

FOR THIRD TIME

Big Home-Talent Production of "Keep Off the Grass," Scores a Big Hit at Washington Opera House.

The third presentation of the popular home-talent musical comedy production, "Keep Off the Grass," was given at the Washington Opera House last night under the auspices of the Stock Sales Division of the Chamber of Commerce.

That the previous performances of this company of Mayville artists was pleasing to the many Mayvillians who saw it was fully proven by the large attendance of last night.

The cast was practically the same as that of the two performances given under the auspices of the Elks' Lodge, but several new features added much to the success of the show.

Mr. and Mrs. Jean Jordan, under whose direction the show has been given here, have fully proven their ability as directors and will be welcomed back to this city at any time.

STOCK SALE BOOSTERS GOING TO FLEMINGSBURG

A large delegation of Mayville business men will go to Flemingsburg next Monday morning to take in the stock sales and also to boost the inauguration of the sales here on March 4. Secretary Dodds of the Chamber of Commerce asks that all who have automobiles and are willing to donate the use of their machines to communicate with him at once. He also asks that those who wish to make the trip to advise him not later than tonight.

259,660 POUNDS

At Two Mayville Tobacco Warehouses That Completed Sales Yesterday—Big Rush Will Continue Next Week.

Only two of the local tobacco warehouses were able to finish their sales yesterday, a total of 259,660 pounds being sold at from \$5 to \$49.

All the houses are well filled with the weed and a big market is expected Monday and all of next week. The market here is from \$2 to \$3 better than it was a little over a week ago and all the growers are well satisfied with the prices they are receiving. Much of the tobacco sold here during the past week was from Brown county, Ohio.

Following were the reports from the various houses:
No sales at Independent-Central Growers, Liberty and Peoples houses. Block sale at Home.

GOOD ROADS

To Be Discussed at Weekly Meeting of Chamber of Commerce on Tuesday Night—W. F. Milner, Kentucky Field Engineer, will be present for address. Address Meeting.

Secretary Dodds has arranged for the Good Roads Division to be in charge of the weekly meeting at the Chamber of Commerce assembly hall next Tuesday evening, to which all of the members of the Chamber of Commerce are invited to attend. He had arranged with Mr. C. D. Franks, of Indianapolis, Ind., to address the meeting in the interest of better roads for Mason county, but received the following telegram this morning:
Carl Dodds, Secretary-Manager,
Mayville, Ky.

Unforeseen conditions prevent personal attendance at meeting twenty-sixth. W. F. Milner, Kentucky Field Engineer, will be present for address, however. See letter.
(Signed) C. D. FRANKS.

Every Mason county citizen is greatly interested right at this time in the improved condition of our roads and it is very likely that there will be a good attendance at the meeting.

The business men of the city are appreciating what good roads mean as a factor in obtaining more business and it is hoped by the committee that every business man in town will attend the meeting.

LOAN BINOCULARS TO GOVERNMENT

Mr. Thomas A. Keith is one of Mayville's patriots who has heard the call of the government and has loaned it a pair of binoculars. The glasses were sent to Hon. Franklin D. Roosevelt, assistant secretary of the navy, in response to the following appeal which has just been sent out:

WILL YOU supply EYES for the NAVY?

Navy ships need binoculars and spy-glasses. Glasses will be returned at termination of war, if possible. One dollar will be paid for each one accepted. Tag each article with your name and address and express or mail to Hon. Franklin D. Roosevelt, Asst. Secretary of Navy, To Naval Observatory, Washington, D. C. "DEFENSE TO DEATH"

Is the Order Issued By Bolshevik Commissioners—Russian Forces Commanded by Lenin and Ensign Krylenko to Resist German Advance.

London, February 22—"Defense to the death" against Germany is ordered in the proclamation of the Russian commissioners, Renter's Petrograd correspondent telegraphs. The commissioners appeal to the soldiers in destroy railways and provisions and compel the bourgeoisie to dig trenches under penalty of death.

The commissioners' appeal to the country also intimates that the Germans plan to capture Petrograd.

"The German Generals," it says, "desire to establish their own order in Petrograd and Kiev. The republic is the gravest danger. The duty of Russian workmen and peasants is defense to the death of the republic against the masses of bourgeoisie and imperialists of Germany."

An Exchange Telegraph dispatch from Petrograd says the evacuation of Finland has been ordered by the commissioners.

Although the delegates sent by the Russian Commissioners to inform the Germans officially of Russia's capitulation departed for Finland on Wednesday, no news has been received from them, says an announcement made by the commissioners, as forwarded in a Renter dispatch from Petrograd. The announcement adds:

"It seems that the German government is putting off its reply and evidently is refusing peace and carrying out the wishes of the capitalists of all countries."

A Berlin dispatch received via Amsterdam last night said the Russian written confirmation of the acceptance of the German peace terms had passed the German lines.

FARMERS TO MEET

At Chamber of Commerce This Afternoon to Discuss Problems Confronting Them in the Raising of Food This Year.

There will be a meeting at 1:30 o'clock this afternoon of a number of Mason county farmers in the Chamber of Commerce assembly hall.

The meeting has been called by County Agent E. F. Boyd, who is chairman of the Farm Development Division, for the purpose of permitting the farmers to discuss the various problems confronting them in the raising of food this year.

No doubt there will be a very large attendance as the farmers are much interested in adopting improved machines and methods. The labor problem is no small one and they will try to arrive at some satisfactory conclusion in over-coming the trouble.

The business men and citizens are urged to be present and meet the rural neighbors. Quite a few of them are already members of the Chamber of Commerce and it is more than probable that before the end of the year several hundred of them will have joined.

AUSTRIA'S POPULACE

Demanded That Yoke of Germany Be Thrown Off—Element of Revolution in Whole Slavdom.

Washington, February 22—Austria's internal situation grows constantly more desperate, according to advices reaching here today. The socialists, the Czechs and the Slavs are becoming bolder in their desire and demand, and there is a growing feeling among the populace that Austria should cast off the ties that bind her to the Germans.

That the emperor, however, is inclined to curb the insurrection is manifest from his reported threats to dissolve the Reichsrat and put into effect an iron-handed rule if the provisional budget is not supported. The socialist demand for opening peace negotiations with the United States is by far the strongest step the liberals have taken and there is in the whole situation an element of revolution.

While the Kaiser and the Emperor will doubtless continue to keep the recalcitrants in line for some time, their growing boldness and insistence means that the Tentons plans will become more honest with troubles.

The German military leaders are therefore plotting in Russia as fast as possible so that they can present new victories to their people to still the growing demand for peace. Reports here indicate that both the German and Austrian liberals, however, are less content than ever before to be fed on a "victory" such as the German invasion of defenseless Russia.

The Austrian socialist demands are likely to influence Count Czernin's expected answer to President Wilson. Czernin has already reflected the pressure under which Austria labors and this new side of internal distress would doubtless make him even more conciliatory than before it is felt here.

Peace negotiations though cannot materialize unless Austria definitely casts aside her alliance with the military ministers of Germany.

SLACKERS WILL BE DRAFTED INTO SERVICE

Washington, February 22—Immediate drafting into service of all slackers under arrest will be begun under the plan being prepared by the Justice Department it was officially stated today. County jails in many parts, it was explained, have become crowded to excess with the slickers and quick relief is imperative.

Mrs. Hattie and Mrs. W. A. Swearing, of Epworth, Lewis county, have returned home after a visit to Mrs. Oscar Judd, of Forest avenue.

STRAFING KARLSRUHE

It has been remarked lately that if the Prussian city, Karlsruhe, ever was "Karl's Rest," it is so no longer. The name is a complete misnomer. It gets less rest than any other city in Germany. And all by way of reprisal for Prussian air atrocities.

Karlsruhe is a defenseless city of no military significance. In the natural course of events it would be ignored or respected by any foe. But Germany's repeated and intolerable bombing of defenseless cities and towns in France and England has at last driven the Allies to stern measures. They were decided that the only way to stop the Huns from murdering defenseless women, children and old men behind their own lines is to give the German people practical illustrations of what their airmen are doing. And so Karlsruhe has been informally chosen as a good place to apply the lesson.

It is an ancient city, capital of the state of Baden, near the Rhine and easily reached by air from the French front. So the French started the practice of sending an air fleet to bombard Karlsruhe every time a French city was raided. The English soon followed suit. The result is that the poor burghers of Karlsruhe are said to be in a state of continual terror. They can never go to bed with any assurance that their houses will not be blown to bits before morning. Great damage is said to have been done, and numerous people killed.

More recently, however, the city is reported to be enjoying more of its ancient peace. The reason is obvious. There are few allied raids, because there are fewer German raids inviting reprisal. The reason there are few German raids is that the people of Karlsruhe have made frantic demands on the German government to stop the raiding business.

Thus the retaliative strafing, so utterly incongenial to the French and British soul, seems to be justifying itself.

INCOME TAX RETURNS

It's just as well that the internal revenue commissioner has added a month to the time allowed for filing personal income tax returns. The public now has until March 31 instead of only until February 28 to discharge this disagreeable duty.

The reason given for the postponement is that people need in time to figure out their income tax under the new law. The revenue commissioner might have added that one reason they need more time is because the necessary blanks and explanations have not been furnished sooner by his department. They ought to have been in the hands of the public many weeks ago. But perhaps the department shouldn't be blamed over-much for the delay. It was very likely due to the fact that the internal revenue experts themselves have had an awful time figuring out what the law means.

Anyhow, the public now has the necessary blanks, or can get them by applying to any internal revenue collector, and several millions of Americans are facing the pleasant prospect of grappling for a month or so with last year's accounts, and trying, with varying degrees of success, to tell the truth about their incomes and the amount they owe Uncle Sam.

It's safe to say that not one of all those millions, when he finally submits his return, will be sure that he has got it right. Anybody else will ever know, either. Even congress, which made the law, doesn't know what it means. It's all a matter of opinion.

It is well to remember, however, that it isn't simply a matter of the taxpayer's opinion. The internal revenue department has the word about it.

COUNTRY TEETH

A movement is on foot to provide better care for the teeth of country children. It is inspired by the fact, revealed in army medical examinations, that boys coming from the country are inferior physically to boys from cities and towns, and that a large part of the deficiencies are due to bad teeth.

"It would appear," says a commentator, "that the beneficial effects of outdoor life, sunshine, vigorous play and ample food, supposed to be inseparably associated with youth in the country, had not been counteracted in the case of a very large number by decayed teeth and other diseases of the oral cavity. While the city boy's teeth were being inspected at school and treated compulsorily, the country boy, who might live for years without ever seeing a dentist's sign or receiving other than home treatment, was developing lesions that may take years to overcome and in many instances leave a weakening for life."

It is evident that if our country lads are to grow up strong and capable, they must receive some such dental care as is now provided for city boys almost everywhere. It is suggested that either the federal government or the state governments establish a system of dental inspection and treatment covering all the country schools. Inspectors would visit the schools at regular intervals, examine all the children's teeth, explain to their parents what should be done and provide free treatment for those not able to pay for it.

STRAFING HOLLAND

It's Holland's turn to be strafed by the righteous power of the United States, punishing the world for its sins. Germany is filled with holy wrath because the 82 Dutch ships that have been lying idle in American ports for many months are at last to be set to work again.

That these ships are not to be used for war traffic makes no difference. That they are not to intrude in the zone forbidden by Prussian edict makes no difference. What if they are sailing to Argentina, Australia and Java and carry food for Holland herself and for Belgian refugees and for unoffending neutral neighbors? It's just as bad as if they were engaged in transporting war munitions from America to England and France. Prussia's sacred duty is to "sink everything." Holland has dared to use Germany's ocean, and must therefore be strafed for her presumption. The U-boats will sink the Dutch ships wherever they can find them.

The railroad administration is said to be contemplating the curtailment of passenger trains running to Florida. We're a patriotic nation; but as A. Ward used to say, "This is 2 much." There is a limit to human endurance. How can we ever get along without those de luxe trains to Palm Beach?

Red Cross Civilian Relief
Workers Are Taught to
Furnish Aid in Systematic Fashion.

EDITOR'S NOTE:—This is the fourth of a series of five articles prepared by Mr. Flosser on the subject of Red Cross Home Service. The remaining articles are "Organizing and Training 30,000 Home Service Committees," "The Home Service Committee," and "The Home Service Worker."

By James L. Flosser,
Director, Bureau Civilian Relief, Lake
Division, American Red Cross.

American Red Cross Home Service workers in Ohio, Indiana and Kentucky, already administering to families of some 1,500 enlisted men, carry on their work with a "catechism" which includes what may be termed "eleven commandments." As these "commandments" typify the spirit in which this type of Red Cross relief is given, I am stating them here, leaving the reader to draw his own conclusions.

1. Don't overwhelm people with questions before they have a chance to say what they want to say.
2. Don't suggest to them the answers they should make.
3. Don't forget that their hopes and plans are more important than any single fact that the Home Service worker wants in order to make complete a report or record.
4. Don't encourage the children to talk about things that concern their elders—about family difficulties and so on.
5. Don't let the children come to the office with messages and requests except when there is a real emergency and no older person can possibly come.
6. Don't discuss the affairs of a family, nor tell the facts that come to your attention in the course of Home Service work to any outsider.
7. Don't give confidential information about the family when making inquiries.
8. Don't make inquiries of the present neighbors or do anything that will expose the family to gossip. Protect the family in question as you would your own family from anything that would help their self-respect.
9. Don't venture to make permanent plans on a first visit.
10. Don't fail to discover whether there is immediate and urgent need of relief and to make some temporary provision for supplying it before venturing to make further inquiries.
11. Don't fail, however, to inquire (before paying the first visit if possible) what other agencies are interested.

Catarrrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts directly on the blood on the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. F. J. CHENEY & CO., Toledo, O.

True, the "do's" taught Home Service workers in Red Cross Home Service Institutes, far outnumber the "don'ts," and one or two should be mentioned to further exemplify the spirit of the service and the manner in which it is given.

One is: "Be sure that there is a definite invitation from the family or some responsible person competent to speak for them before entering the home in the name of the American Red Cross."

Another: "Be sure that the member of the family in question is in some branch of the service."

Casual reading of these instructions may lead to the impression that Home Service is a simple bit of work to be done in the odd moments of the members of a chapter committee. It is not a simple work, nor is it an "odd moment" task.

In addition to mastering a knowledge of government regulations on separation allowances and the War Risk Insurance Law, a Red Cross Home Service worker must either be naturally endowed with or be able to acquire the qualities of tact, patience and kindness, and must study the problems which beset home life.

With all its ramifications, Red Cross Home Service is the most exacting type of work now required by this humanitarian institution within the boundaries of our own country. Its requirements for immediate and authentic information of the broadest scope are such that a 116 page handbook of information for Home Service workers is now being prepared by the Director General of Civilian Relief for early distribution.

SO MUCH PAINSTAKING CARE HAS BEEN AND IS BEING TAKEN IN THE ORGANIZATION OF THIS WORK THAT ENLISTED MEN FROM OHIO, INDIANA AND KENTUCKY SHOULD KNOW THAT THIS ARM OF THE AMERICAN RED CROSS IS STRONG ENOUGH TO MAKE THEIR FAMILIES' CARES EASIER AND TO EXTEND A KIND, YET UNPATRONIZING, HELPING HAND. SUCH FAMILIES SHOULD WITHOUT HESITANCY COMMUNICATE WITH THEIR RED CROSS HOME SERVICE COMMITTEE WHEN TROUBLED IN ANY WAY.

TERRIBLY SWOLLEN

Suffering Described As Torture
Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and left off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught."

Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

Beautiful Bust and Shoulders
are possible if you will wear a scientifically constructed
Ben Jolie Bra.

The dragging weight of an unconfined bust so stretches the
supporting muscles that the contour of the figure is spoiled.
The Ben Jolie Bra
puts the bust back where it be-
longs, prevents the full bust from
having the appearance of dis-
tension, eliminates the danger of
dragging muscles and confers the
beauty of the shoulder giving a
graceful line to the entire upper body.

They are the daintiest and most serviceable garments. Imagi-
nable—come in all materials and styles: Cross back, Hook
Front, Surplice, Bandeau, etc. Bowed with "Waistline," the
rustling boning—permitting washing without removal.

Have your dealer show you Ben Jolie Brasieres, if not stock-
ed, we will gladly send him, prepaid, samples to show you.

NEW FIELD PROGRAM A GRAND RALLY OF AMERICAN SENTIMENT

The new program of the Al G. Field
Greater Minstrels for this season con-
stitutes a grand rally of American
sentiment. It has all the inspiring
tone of a bugle call, and maintains
this uplifting appeal from the rise of
the curtain until the conclusion of the
afterpiece, when the audience fairly
rises to its feet to witness the sensa-
tional spectacular climax of the bat-
tle between a U-boat and an Ameri-
can man-of-war, in which the U-boat
loses and the American flag is unfurled
as an emblem of the triumph of
Universal Democracy and World-wide
Peace.

The performance opens with a com-
pelling, rousing introduction. Before
a patriotic curtain Elton B. Crepeau,
the wonderful baritone, sings thrill-
lingly "America First." There is a
bugle call and the rise of another cur-
tain shows "Tenting on the Old Camp
Ground."

where Harry Frillman and
the famous Al G. Field choir and mus-
icians with astring instruments are giv-
ing a rare interpretation of "Dear Old
Georgia." Swiftly follows a realistic
battle scene in which the work of the
Red Cross is exemplified. In a rush
come other patriotic tableaux, and
then the much-talked-about unique
"First Part," in which the half circle
of singers, dancers and minstrel men
take their place against a background
of an American military fort, with an
ocean in the distance, a lighthouse sil-
houetted against the sky, and an Ameri-
can man-of-war supplying the atmos-
phere. This pace and national tone is
kept up throughout the entire per-
formance, and on a scale of sumptu-
ousness which outvalues anything in
minstrelsy of the past.

The Al G. Field Greater Minstrels
will appear at Washington Theater
Wednesday, February 27.

ARE YOUR KIDNEYS WELL?

Many Maysville People Know the Im-
portance of Healthy Kidneys.

The kidneys filter the blood.
They work night and day.
Weak kidneys remove impurities.
Weak kidneys allow impurities to
multiply.
No kidney ill should be neglected.
There is possible danger in delay.
If you have backache or urinary
troubles.
If you are nervous, dizzy or worn
out.
Begin treating your kidneys at
once.
I've a proven kidney remedy.
None endorsed like Doan's Kidney
Pills.
Recommended by thousands.
Proved by Maysville testimony.
W. H. Lynch, shoemaker, E. Third
St., says: "My kidneys were weak
and sluggish. At one time the action
of my kidneys stopped altogether. I
finally used Doan's Kidney Pills and
in a short time the action of my kid-
neys became normal. I kept on tak-
ing them and they completely reliev-
ing me." (State given January 9
1912).

TROUBLE NEVER RETURNED

On November 14, 1916, Mr. Lynch
said: "I haven't had any need of a
kidney remedy since I last recom-
mended Doan's Kidney Pills. They
have permanently cured me."
Mr. Lynch is only one of many
Maysville people who have gratefully
endorsed Doan's Kidney Pills. If
your back aches—if your kidneys
bother you, don't simply ask for a
kidney remedy—ask distinctly for
DOAN'S KIDNEY PILLS, the same
that Mr. Lynch had—the remedy back-
ed by home testimony. 60 cents at all
stores. Foster-Milburn Co., Props.,

The house and senate appear to be
hopelessly deadlocked over the Tay-
lor Anti-Shipping bill as the senate
today refused to agree to any of the
amendments added to the original
Senate bill by the House this week.

The House amendment by which a
person is permitted to bring liquor
into dry territory for his personal use
was the subject of the most bitter at-
tack in the upper House where it was
openly charged that this amendment
either had the backing of the whiskey
interests or else that prohibitionists,
for political purposes only attempting
to have an inconclusive bill passed so
as to keep the liquor question an im-
portant issue in Kentucky politics.

Dry leaders say that without this
personal use clause the bill is in
violation of the Kentucky constitution
and will not be worth the paper upon
which it is written but Senator Brock
of Harlan county and others are in-
sisting in the passage of the original
bill without any compromise.

GOOD RECIPES

"Wheatless days" need have no ter-
rors for the housewife if she will
make use of the many good recipes
published in the Ledger from day to
day.

Buckwheat Gems

1 cupful buck-wheat flour.
1 cupful whole-wheat flour.
1/4 teaspoonful salt.
4 teaspoonful baking powder.
1 egg.
1 cupful milk.
1 tablespoonful melted shortening.
1/4 cupful molasses.
Combine and sift the dry ingredi-
ents. Add the unbeaten egg, milk,
molasses, and shortening melted. Beat
vigorously, pour into hot gem-pans
and bake in a hot oven twenty min-
utes.

Buckwheat Spice Cookies

1/2 cupful white sugar or 1 cupful
sugar.
1/2 cupful shortening.
2 cupfuls buckwheat meal.
2 eggs.
1/2 teaspoonful salt.
1/2 teaspoonful cinnamon.
1/2 teaspoonful clove.
Beat the eggs well and add sugar
and melted shortening. Combine with
dry ingredients, mixing well. Pour on
a oiled board and roll to one-
eighth inch thick. Shape with a cutter
first dipped in flour, and bake in a
moderate oven ten to fifteen minutes.

Buckwheat Nut Bread

1 egg.
1 cupful milk.
1 cupful molasses or 1/2 cupful su-
gar.
3 cupfuls buckwheat flour.
3 teaspoonfuls baking powder.
1 teaspoonful salt.
1 cupful walnuts chopped fine.
Combine the molasses, flour, bak-
ing powder, and salt. Add the egg
well-beaten and the milk. Beat and
add the walnuts, chopped fine. Pour
into a buttered bread tin, and bake in
a moderate oven from three-quarters
of an hour to an hour.

HOOVER MAKES PLAIN THAT THIS COUNTRY MUST SEND FOOD TO ALLIES OR LOSE WAR

Philadelphia, February 22 — As a war necessity the people must largely refrain from eating wheat flour for the next sixty days, possibly for a longer period. This statement was made today on the authority of Herbert C. Hoover, federal food administrator, by Howard Helz, administrator for Pennsylvania, speaking before an audience of newspaper managers. A telegram was read from Mr. Hoover which made it plain that this country must immediately send food to the Allies or lose the war. If it is not sent "it means but one thing, catastrophe," declared Mr. Hoover.

OUR COLORED CITIZENS

The body of Mrs. Alice Jordan is expected to arrive here today and will be taken to the home of her brother, Horace Yates, on East Fifth street. Funeral Sunday afternoon.

HOOVER'S BLAME

Of Rail Tie-Up Aronson McAdoo—Director General Says as Far as Railroads are Concerned There Will Be no Famine.

Washington, February 22—Director General McAdoo today gave assurance "that so far as transportation is concerned, there is no danger of suffering from a serious food shortage in the eastern part of the country."

This was prompted by the warning given last night by Food Administrator Hoover that unless grain and meat movement is greatly increased in the next sixty days, the country is threatened with an acute shortage of food, and the program of food shipments to the Allies will fail.

In a letter to Mr. Hoover, the director-general declared that if the food administrator will give definite information on the location of stocks of supplies intended for the Allies, the railroads will move them promptly to seaboard.

Simultaneously the railroad administration gave cut figures showing that the movement of grain to primary markets in the West within the last ten days was far greater than in previous years.

Although declaring their desire to avoid a controversy with the Food Administration, officials of the railroad directorate today did not conceal their belief that Mr. Hoover's statement was not borne out by facts shown in their reports. Members of Mr. McAdoo's staff assumed the attitude that Mr. Hoover had dealt in generalities, not supported by figures or other evidence showing such a pessimistic outlook on future food conditions.

HEALTH OF THE ARMY IMPROVING

Washington, February 22—General health conditions of the regular army, national army and national guard were officially reported to the surgeon general today as showing improvement for the week ending February 15.

The death rate was the lowest since November 23, while fewer cases of the more serious diseases such as pneumonia and meningitis were reported than during the previous week.

Camp Bowie had the highest admission and non-effective rate for the national guard while Camp Travis led the national army.

Mrs. Ernie White of West Front street, is spending the week in Cincinnati.

BRITISH OCCUPY JERICHO

Big Guns in West—French Report Heavy Artillery Fighting Has Begun Along Whole Front—New U. S. Units Engaged.

London, February 22—The British have captured Jericho, in Palestine, the War Office reports.

The city was entered by Australian troops yesterday. Little opposition was encountered. Subsequently the Australians established themselves on the line of the Jordan and the Wadi Auja.

The official statement reports the continuation of bad weather North and northwest of Jerusalem the British advanced positions extended slightly and rendered secure.

During the fighting of Wednesday the casualties of the British troops were again slight.

Since the capture of Jerusalem the British have been pushing ahead steadily, striking out to the North and East. Official statements from London in the last few days have reported rapid progress, and apparently the Turks have offered no determined resistance.

Aside from its historical importance, in connection with the British plan to free the Holy Land from the domination of the Turks, the capture of Jericho is of little significance. It consists merely of a group of quail hovels and a few ships, with about 300 inhabitants. Its chief strategic value lies in the fact that it gives the British domination of the Valley of Jordan and also control of a network of highways radiating from the town.

French Report Heavy Firing Along Entire Front, But Infantry Is Idle.

Paris, February 22—Heavy artillery fighting on the whole front is reported in today's official announcement. The statement follows:

"Heavy artillery fighting occurred along the whole front, especially in the regions of the forest of Phou. Chevreux and the California Plateau (Alsace front); Butte du Mesnil (Champagne front); Hartmannsweller-Kopf (Alsace). There was no infantry action."

One German Killed and Another Captured in Patrol Fight in France.

With the American Army in France. February 22—In a patrol fight, Americans from units under instruction in the famous Chemin-des-Dames sector killed one German and captured another. One American was slightly wounded.

This is the first time it has been permitted to reveal the fact that new American units have entered the line. The troops have been there for some time, suffering slight casualties, but their presence was kept secret until it was certain the enemy knew they were there.

Details of the patrol fight are as yet unavailable, beyond one unofficial report that the prisoner taken was captured single-handed by a young American from one of the New England States, who during the engagement dropped into a shell hole on top of a German hiding there and later brought him in.

The American forces entered the line on one of the darkest of nights through a shell-pitted region dotted with shell-wrecked towns. The French General commanding the sector, a hero of the Marne, greeted them as comrades in arms and blessed the American flag.

TWO BELGIANS SEIZED BY GERMANS

Washington, February 22—Official dispatches to the Belgian legation today told of the further commandeering by the Germans of young Belgians for military work behind the German lines and the flag of Louis Franck, a Flanders deputy, ten thousand marks for urging the Flemish people to stand steadfast in their resistance to German political intrigue.

Franck was taken before a military tribunal and was threatened with deportation, the dispatch said, but despite the German concern over the spread of the movement against the authority of the self-styled council of Flanders, this threat was not carried out. The judgment declared that since the deputy was charged with having incited a spirit of opposition, this was the last time he could hope to escape with a fine.

Commandeering of men for work behind the German lines continues to grow, the dispatch said. At Renalx, an industrial town in Eastern Flanders 360 young men were seized, many being taken in the streets. Some had fled and the Germans threatened to take old men unless the young ones returned.

Students were taken from the engineering school of Mons and sent to work at an aviation camp, while in Luxembourg more than 600 young men have been taken from villages for military uses.

RIVER NEWS

Flood and Fire

cannot damage your valuable papers if they are placed in a safety deposit box in our fire and burglar proof vault.

We have erected this vault at a considerable outlay of money for the protection of our own money and securities and have made ample provision for the same protection for the public. It may well be called "the community strong box." It provides a place of perfect security and renders the care and anxiety of watching and guarding valuables unnecessary.

Can you afford to take chances on the safety of your valuables when you can rent absolute security for them at less than one cent a day?

MUTTON AND LAMB MAY BE EATEN UNTIL APRIL 15

Washington, February 22 — Lamb and mutton may be eaten on "meatless" days until April 15. The food administration in making this announcement indicated clearly that there is no chance now for lifting the ban on beef and pork, however. Since November 1, the food administration declares, America's beef export to the allies have amounted to less than 5 per cent of the total cattle slaughter. The per capita consumption of beef and pork during 1917 increased over that of pre-war years.

Beef and pork must be left off the menu on meatless days it was indicated. Rations in Europe, the food administration explains have been reduced to approximately one pound of meat per capita a week, or less than 30 per cent of the American consumption. European rations today are "so low as to tend to diminish the morale and resistance of the allies" Hoover declared.

Mrs. James Evans, of Pelham street, has returned home after a visit to her brother in Lewis county.
